# Common Registration Questions

## **Is there a deposit to register your group?**

Yes, there is a \$25.00 per spot deposit required to register your group. Payment must be made by credit card. We accept Visa, MasterCard, Discover, and American Express cards.

## **Can my group members pay their own deposit and balance?**

Unfortunately at this time your group members are not able to pay their own portion of the deposit or retreat fee through their online account.

Only the group leader can make payments for the group.

## **Do all of my men have to create an account to register? Can they use my account?**

All of your men must create their own individual accounts to register as part of your group. The only things that are required are your name and email address.

Your group members CAN NOT use your account to register. Please do not give out your account information to any of your group members.

## **What if some of my attendees don't have an email address?**

We highly encourage your members to create an email address to register as part of your group. Free email addresses can be made at Google, Yahoo, Outlook, Hotmail, and many other services.

If a particular group member has a personal reason for not having an email address, they must call our office so that we can help them register. All registrations, health forms, and waiver forms must be completed online.

## **Do you have paper Registration, Waiver, and Health Forms?**

We do not have any paper forms for your attendees to register or complete their health and waiver forms. All forms and registrations must be completed online.

## **Should my group be Public or Private?**

We encourage you to keep your group Public (see the Manage Roster webpage) for simplicity. Copy your itinerary link on the Manage Roster page to send out to your group members.

## **Because I created the group registration, I am automatically registered, right?**

No, you must send yourself the itinerary link from the Manage Roster webpage and go through the **steps to register yourself as part of your group. You'll need to review or fill out your Health and Waiver forms as well.**

## **Can I add more people to my group registration later?**

Of course! You can register more spots for your group by calling our office or by creating another registration online and selecting to register them as part of the same group you registered before.
