Frequently Asked Questions

What does the Registration Fee Include?

In short, everything! The registration fee is all-inclusive. All housing, meals, and activities are included. The only extra money you may need is for extra snacks and drinks at our Camp Store during the weekend.

Do we need to have horseback riding experience to come?

No previous riding experience is necessary. While it may be helpful to have previous riding experience, the activities can be enjoyed whether you are brand new or a seasoned rider.

Is Wi-Fi available during the retreat?

Because of the beautiful and remote area that surrounds us, we do not offer Wi-Fi to our guests during their stay. We encourage you to disconnect from the internet and enjoy time with your family.

What if any of us have special dietary needs?

We are happy to accommodate some dietary needs and restrictions that our guests may have. We are pleased to offer gluten-free, dairy-free, peanut/tree nut-free, and vegetarian options. If your allergy/dietary restrictions fall into any of these four categories, please inform us at least one week prior to your experience by filling out those needs on your online health form. If your allergy/dietary needs exceed those listed above, please contact our Food Service Manager, Gail Salazar, at gail@graceadventures.org or 231-873-3662 to make arrangements to bring your own food. A microwave and limited space in the fridge is available to our guests.

What do we do about medications?

Families are responsible for dispensing their own medications as necessary. Paradise Ranch staff do not collect or hand out medications during the retreat. Please have any medications securely hidden or locked in a vehicle when not in use.

How many people usually come to the Ranch Family Retreats?

Every weekend is different and will have a variable number of people, but our capacity for the weekends is 40 total people. Typically weekends will be between 30-40 people.

Can I come with my grandchildren, nieces, or nephews to the retreat?

Yes, you can! Whole families, extended families, and multi-generational families are welcome to attend the retreat and build better bonds together through horses.

What should we do in case of emergencies?
